

Here's what people have said about ...

“Have worked with Lib on numerous projects involving the formatting and layout of several of our publications. She is detailed, conscientious, goes that extra mile to get the job done to your complete satisfaction, meets deadlines without difficulty, easy to express your vision and needs to get the job done either right the first time or darn close to it. Can't recall how many years total we've worked together now, but we've sure produced a lot of publications together. I recommend Lib without any hesitation whatsoever, she is creative, talented and a pleasure to work with each and every time we call upon her. She has a linguistic eye for detail!”

“Wow, those posters were wonderful!” “Kathleen, the posters you created were the hit of the evening!” “Can I take the posters?” “Awesome.” These were just a few of the comments about the wonderful artwork Lib did for our company. In the spring of both 2004 and 2005 Sylvan Learning Centre embarked on an ambitious project to honour teachers by sponsoring a Teacher of the Year Awards. I engaged the services of Lib Alcock to create our invitations, our program guide and, most importantly our posters to highlight the three finalists for each school district. These posters were truly outstanding. I know our awards reception was a resounding success, largely because of Lib's creativity. Lib was able to take my concepts and translate them into incredible graphics. She captured the essence and spirit of my vision for our annual Teacher of the Year Awards. She worked hard, she was professional, she met our deadlines (and they were ridiculous) and she did it cheerfully. Lib was a delight to work with and I will definitely use her services again.

Lib Alcock was a professional graphic designer for our monthly print publication *Balanced Life Magazine* for four years since 2001. She has always made graphic design fun and creative. I highly recommend her.

“I worked with Lib on the Balanced Life Magazine. She was the creative person behind the graphics and layout while I was Assistant Editor. Lib's creativity totally amazed me! She always added appropriate graphics with articles, and very creatively fit in a lot of content, month after month. If you want something done with flair and creativity, look no further than Lib Alcock!”
